

He started to count his feet, the stars and the sheep.

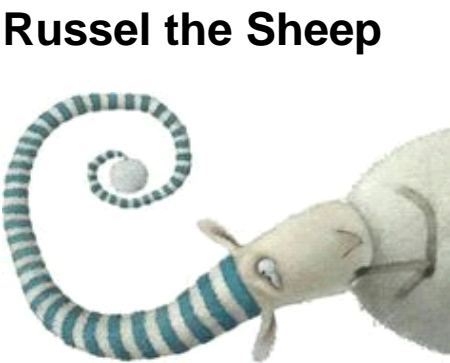

What else can Russel count?

Then Russel realised he had forgotten to count one very important sheep. It was himself. As soon as he counted himself he fell asleep.

Draw Russel sleeping.

Do you remember which friend follows Russel through the whole story?

What does he look like?

Russel thought he would never get to sleep. But then he had a brilliant idea.
Do you remember his idea?

He looked everywhere to find a good place to sleep. He tried to sleep in a cave but it was too creepy.
Draw a good place for Russel to sleep.

No matter how hard he tried he could not fall asleep. So Russel tried many ways to fall asleep.
What do you do when you can't sleep?

Russel the sheep lived in Froggsbottom field. One day he couldn't fall asleep.
When do you go to bed?
